NUTRY
LAMELLAR

The new frontier of hair care
for rapid hair restructuring

THE NEW FRONTIER OF HAIR CARE FOR RAPID HAIR RESTRUCTURING.

NUTRY LAMELLAR

Why recommend the Nutry Lamellar ritual?

It is a rapid restructuring and lamination treatment (10 minutes) based on **propylene glycol, argan oil and exosomes**, suitable for fine, dry, dull, porous hair. The final effect is that of silky and shiny hair for a few days.

The complete ritual serves to strengthen and restructure even the driest and most unmanageable hair.

The hair will be soft and shiny for a few days.

Frequent chemical treatments and adverse weather conditions can have a negative effect on the hair fiber. **Nutry Lamellar Magic Water**, in liquid form, is absorbed immediately. The lamellae that form fill the porosity of the hair fiber, giving it spectacular shine and softness for a few days.
