**OZONE REO<sub>3</sub>**  
THE FORCE  
OF NATURE

# WHY USE THE TREATMENT TO OZONE?

In the 2000s it was discovered that **the skin requires at least 5 liters of oxygen per day** for its functions. With age, less oxygen reaches the skin and its appendages and premature aging occurs. Then there are the various blemishes caused by various problems such as skin atrophy, variation in the microbiota, stress, incorrect diet, medicines, seborrhea, dandruff, hereditary hair loss, mineral deficiency, frequent chemical treatments, poor quality products, etc.

**Ozone is a force of nature**, it is the most powerful sanitizer, it is natural, ecological and economical. Carried both in the hair and in the skin, pure oxygen returns: it nourishes, gives elasticity, has an antibacterial action and strengthens the hair follicles. **The OZONE REO3 Rebitalia System**, born in 2023, offers a treatment that brings benefits in particular for hair blemishes, but can also be used on the face (with care) and for cellulite.

# HOW DOES IT WORK ON HAIR?

It converts oxygen (O<sub>2</sub>) into ozone (O<sub>3</sub>) and diffuses into the scalp, strengthening the hair, hair follicles and giving elasticity.

**The improvements are visible in a short time** for hair loss, normalization of sebaceous secretion, all types of dandruff, skin redness, itching. The ozone treatment re-mineralises the hair, improving its structure, volume and shine; increases the durability of the color.

For the face (done with great care) **it helps smooth out wrinkles, improves acne, hyper-pigmentation spots and scars.** On the body, it improves cellulite blemishes.

Referring to the **Rebitalia Bio Natural Trichological Rituals**, the use of the ozone machine is very simple and follows the algorithm:

1. Detoxification - cleansing of the scalp;
2. Cleansing - washing the hair with the specific shampoo;
3. Application of Lotion Stem or Nutry Keratin Jaluronic lotion;
4. Ozone treatment lasting approximately 15 minutes;
5. Application of the specific trichological product with massage and final hairstyle.
