

ENERGIZING PLUS REDENSIFYING KIT

ENERGIZING PLUS is an innovative treatment that promotes hair growth to be used every day, for 3/5 months with a 5-minute massage.

- Promotes the proper functioning of stem cells, at the origin of hair growth.
- Awakens dormant bulbs.
- Redensifies the hair with a daily treatment for at least 3 months.
- Strengthens the hair structure. Redensyl®, a new ally against hair loss and an alternative to transplantation.

Redensyl®, an ally against hair loss and an alternative to transplants. It is an active cosmetic ingredient for hair care based on regenerative medicine research. The product has shown good results (more hair, more growth and less hair loss) in just 84 days.

Kopyrrol Aqua®, a cutting-edge molecule that, with its structure similar to minoxidil, offers significant results in stopping hair loss and prolonging the growth phase (anagen phase).

**FORMULE
AGGIORNATE**

Shampoo ingredients 250ml:

Aqua-water, sodium coceth sulfate, disodium laureth sulfosuccinate, sodium chloride, cocamidopropyl betaine, serenoa repens (saw palmetto) leaf extract, urtica dioica (nettle) leaf extract, *ricinus communis (castor) oil, pinus sylvestris (pine) leaf oil, citrus bergamia (bergamot) peel oil, lavandula ocinalis (lavender) flower oil, piroctone olamine, taurine, arginine hydrochloride, citric acid, polyquaternium-10, polyquaternium-7, benzalkonium chloride, limonene, linalool, linalyl acetate.
